

Manage that Energy & Accident/Incident Review

This presentation will consist of two parts: Flight Training Accident / Incident Review; an up-to-date review of Orlando FSDO's Flight Training accident and incident statistics, showing trends and common causes. Introduction to Energy Management for GA airplane pilots; this very popular presentation features a look at what energy management is, why we should be doing it in General Aviation (especially flight training), and practical applications the audience may begin using immediately. Time permitting, we will review an accident case study in energy management.

Directions: I-95 to (Exit 180) US-192 East, Left on Evans, Right on NASA, left on Grumman Place, right on Tower Access Road to Harry Goode Way to FIT Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
